GENERAL INFORMATION

Adolescent Health Nurse
An adolescent health nurse from BOP District Health Board (Community Child and Youth Health Services) visits the school regularly offering free health services. The nurse accepts self-referrals from students as well as referrals from parents, caregivers and staff. Contact with parents is valued and welcomed.

Attendance
It is an official requirement that we obtain an explanatory note or that an explanation is phoned to the school office for every time a pupil is absent. The office should be telephoned between 8.00am and 8.30am to inform us of daily absences.

Phone No. 575 5512 or text 027 232 0446

An absentee roll is taken every morning. Parents are contacted if the school is not informed of reasons for absences.

Doctors and dentists appointments should be, as far as possible, made out of school hours. However, if the appointment card is produced at the office or telephone communication is received, appointments in school hours will be approved, providing all efforts have been made to make appointments out of school hours.

Attendance is tracked every 6 weeks and parents contacted if attendance is less than 90% or students are late to school more than 3 times in that 6 week period. There is an official Attendance Officer who can be called upon to assist with attendance issues.

Canteen
Lunches may be ordered before school on Wednesday and Friday. The canteen may also be open Tuesdays and Thursdays for fundraising purposes – students are informed in advance.

Communications
Often a concern can be resolved by a telephone call to your child’s teacher. If further support is required, contact the Principal or Deputy Principal.
All postal communications with the school should be to:

The Principal,
Mt Maunganui Intermediate School,
21 Lodge Avenue,
Mount Maunganui 3116

Health and Emergencies
Students who have minor accidents are treated in the sickbay. Sometimes there is doubt over the seriousness of playground accidents. When this happens contact is made with parents so that expert medical opinion can be sought.

While considerable effort is made to keep the school facilities/equipment safe, accidents can still happen. The Board will not accept any liability for injury sustained during school organised activities.

Situations sometimes arise when we cannot make contact with parents or the emergency contact. In medical emergencies we have to use our own judgment. It is therefore important we are kept informed about any telephone, address or legal custody changes during the year.
The school does not have the facilities or personnel to cater for sick students for long periods. Please do not send students to school who are unwell.

Medical Precautions
If a child suffers from an allergy or is prone to sudden illnesses, the school must be notified. Where appropriate, medication (eg allergy pills) should be lodged in the school office. These must be clearly labelled with the child’s name. Pupils are responsible for their own asthma inhalers.

On occasions, when pupils suffer from sickness or accidents at school, it is helpful for the school to have a name of a trusted friend, or relative of the family, who can be contacted if both parents are regularly not accessible during the day.

It is also of assistance to have the name of the family doctor on file, so that we can make urgent appointments when these are required. Medical forms are part of the enrolment package. Please ensure that these are completed at that time and that the school is notified of any changes throughout your child’s time at our school.

Money
On the occasions when children have money at school for trips, camps etc, they are required to bring this to the school office and not to leave money in bags or desks. Money is to be placed into a named envelope and dropped into the office drop box. Receipts will be issued only on request.

Mufti Days
Several times a year, the school has a mufti day with the proceeds going towards student welfare, visiting performers, local charities or school resources, which directly benefit children.

Parent Support Group
We have an active parent support group who meet once a term to plan events, fundraising and community working bees.

The parent support group is actively involved in many aspects of school life:
• School canteen
• Second hand uniform sales in January
• Stationery packs
• School discos
• Community working bees
• Fundraising

Contact the school office if you wish to be involved.

Permission to Leave School
To help us in the monitoring of children leaving the school grounds during the day, we ask that parents notify us in writing if their child is required to leave the school. Permission to “leave school pass” will be issued.

Note: If, for any reason, you need to contact your child during the school day, please do not make arrangements to meet outside the school gates. In the interests of the safety of the children, we require you to come to the office and arrange to meet your child through the office staff.

Personal Belongings:
All care is taken. However, no responsibility can be accepted for any personal belongings given to a staff member for safe keeping in the event of accidental damage or loss.

Road Safety
We stress the need for road safety with the pupils several times during the year, but it is important that parents play a major part in encouraging their children to act responsibly on the roads. Please make regular checks on the safety of your child’s bicycle. All bicycles, scooters and skateboards are required to be secured with a chain and padlock.

The wearing of cycle helmets is compulsory for all children riding to and from school or bus stops

We request that when children are being picked up by car after school the road rules be observed so that the safety of all our pupils is not jeopardised.

Learning Conference sheets will be sent home as a formal record of the student’s achievement against national standards, goals and action plan. In addition, summative reports and portfolios will be sent home in December.

- **Specialist Programme**
  Reports are written by specialist teachers as students complete each cycle. Specialist teachers are available during learning conferences for you to discuss your child’s learning and how your child has adapted to the specialist classroom and subject in preparation for secondary schooling.

- **Home School Partnerships**
  Staff will also contact parents when a need arises to discuss concerns, or to pass on news of successful achievements. Communication concerning the welfare and progress of children are encouraged at all times. Parent’s first contact should be to the class teacher.
