GENERAL INFORMATION

Adolescent Health Nurse

An adolescent health nurse from BOP District Health Board (Community Child and Youth Health Services) visits the school regularly offering free health services. The nurse accepts self-referrals from students, as well as referrals from parents, caregivers and staff. Contact with parents is valued and welcomed.

Attendance

It is an official requirement that we obtain an explanation every time a pupil is absent. The office can be contacted between 8.00am and 8.30am to inform us of daily absences.

Phone No. 07 575 5512 [extn 1]

Absentee Text Only 027 232 0446

Email absentees@mtint.school.nz

Class roll is taken every morning and afternoon. Parents are contacted by text and/or email if the school is not informed of reasons for absences.

Doctor and dentist appointments should be, as far as possible, made **out of school hours**. However, please notify the school in advance, if your child needs to go to an appointment during school hours.

Attendance is tracked every 6 weeks and parents are contacted if attendance is less than 90%, or students are late to school more than 3 times in that 6 week period. There is an official attendance officer who will be called upon to assist with attendance issues.

Canteen

Lunches may be ordered before school on Wednesday and Friday.

Communications

Often a query can be resolved by a telephone call, or email, to your child's teacher. If further support is required, contact the principal or one of the deputy principals.

KIA MAIA SAFE SCHOOL CODE OF PRACTICE

Mount Maunganui Intermediate is a PB4L school. Positive Behaviour for Learning is a structure which enables the development of a successful school wide culture by:

- developing positive and respectful relationships through ongoing consultation with, and decision making by, parents, students, community, and all staff
- developing a caring culture where students and staff feel valued and the whole school community feels safe
- the development of consistent expectations across all settings and by all staff
- teaching behaviours instead of “expecting” that students just know what to do
- maximising the time spent on student learning

Coastal Values

Respect	Whakaute
Pride	Whakahii
Learner	Aakonga

Positives Consequences

- Kia Maia certificates
- Kia Maia cards and prize draw
- Email/phone calls home
- Blues
- House points
- Class rewards
- Coastal Values certificates

Consequences for Inappropriate Behaviour

Teacher encourages students to modify their behaviour and get back ‘on-track’. If this does not redirect behaviour, then

- Name on board
- X by name
- Another X by name (XX) and send to buddy room for the next period to complete independent work.

AND

- * The student completes a think sheet.
- * The sheet and behaviour is discussed with and completed by the teacher who sent the student to the buddy room.
- * Teacher contacts parents
- * A copy is sent home for parents to sign.

If same behaviour necessitates a second removal, then student moves to team leader. Refer to majors and minors flowchart.

Students who have ongoing behaviour issues and have not shown good self-management skills will be reviewed before representing the school or being invited to participate in extra activities.

FAST TRACK

This is for very serious/deliberate, unprovoked acts including:

- Vandalism
- Violence
- Theft
- Possession of alcohol, cigarettes or drug

Students will be referred immediately to a member of the senior leadership team. They have discretion to take action depending on the circumstances e.g. withdrawal, stand down, suspension.

In these circumstances, parents will be informed promptly and included in the discussions with the student and the teacher involved as quickly as possible.

Fees

Health and Emergencies

Students who have minor accidents are treated in the sickbay. Sometimes contact is made with parents so that expert medical opinion can be sought.

While considerable effort is made to keep the school facilities/equipment safe, accidents can still happen. The Board of Trustees will not accept any liability for injury sustained during school organised activities.

The school does not have the facilities or personnel to cater for sick students for long periods. **Please do not send students to school who are unwell.**

International Students

Mount Maunganui Intermediate welcomes students from overseas to study for varying lengths of time, from short stays to two years. Long term students are fully integrated into classroom programmes and enjoy the same opportunities as New Zealand students. As well as this, international students are offered specialist English as a second language classes to help develop English competency.

The school has a guideline of one Korean international student per class to ensure the child receives the best individual care and becomes fully integrated as a member of our school community.

Our international students are encouraged to participate in a range of sporting and cultural activities that includes individual and team sports, golf, chess and performing arts.

At Mount Maunganui Intermediate we welcome parent involvement in school activities. Parents are encouraged to support students' learning and be part of our school community.

Mount Maunganui Intermediate has a close association with Mount Primary School and Mount Maunganui College who both also host international students. This means families can have children attending schools at all levels where there is a natural pathway for students to continue their education seamlessly.

Most of our long term international students are here with their mother or father, living in rental accommodation. Where necessary we can find suitable, caring homestay accommodation for students who come alone to study.

Short term groups are found homestay accommodation with families who have students at our school community.

As a signatory to the New Zealand Code of Practice for the Pastoral Care of International Students, the school ensures that the accommodation meets the legislative requirements and is a safe environment.

Medical Precautions

If a child suffers from an allergy or is prone to sudden illnesses, the school must be notified. Where appropriate, medication (eg allergy pills) should be lodged in the school office. These must be clearly labelled with the child's name. Pupils are responsible for their own asthma inhalers.

It is also of assistance to have the name of the family doctor on file, so that we can make urgent appointments when these are required.

Money

On the occasions when children have money at school for activities, camps etc, they are required to bring this to the school office and not to leave money in bags or desks. Money is to be placed into a named envelope and dropped into the office drop box, either before school or during morning interval. Receipts will be issued only on request.

Mufti Days

Several times a year, the school has a mufti day with the proceeds going towards student welfare, visiting performers, local charities or school resources, which directly benefit our students.

Parent Support Group [PSG]

We have an active Parent Support Group who meet once a term to plan events, fundraising and community working bees.

The Parent Support Group is actively involved in many aspects of school life:

- School canteen
- Second hand uniform sales in January
- Stationery packs
- School discos
- Community working bees
- Fundraising

Please tick the box on the enrolment form or contact the school office if you wish to be involved.

Permission to Leave School

To help us in the monitoring of children leaving the school grounds during the day, we ask that parents notify us if their child is required to leave the school. The parent is required to sign the student out and sign back in, on return.

Note:

If, for any reason, you need to contact your child during the school day, please do not make arrangements to meet outside the school gates. In the interests of the safety of the children, we require you to come to the office and arrange to meet your child through the office staff.

Personal Belongings

All care is taken. However, no responsibility can be accepted for any personal belongings given to a staff member for safe keeping, in the event of accidental damage or loss.

Road Safety

We stress the need for road safety with the pupils several times during the year, but it is important that parents play a major part in encouraging their children to act responsibly on the roads. Please make regular checks on the safety of your child's bicycle. All bicycles, scooters and skateboards are required to be secured with a chain and/or padlock.

The wearing of cycle helmets is compulsory for all children riding to and from school.

We request that when children are being picked up by car after school the road rules be observed so that the safety of all our pupils is not jeopardised.

Reporting to Parents

- **Learning Conferences**

Student led learning conferences will take place twice a year. In these three way conferences students will share and discuss their learning, achievement and learning goals. Learning Conference sheets will be available as a formal record of the student's achievement, goals and action plan. In addition, summative reports and portfolios/e-portfolios will be sent home in December.

- **Specialist Programme**

Reports are written by specialist teachers as students complete each cycle. Specialist teachers are available during learning conferences for you to discuss your child's learning and how your child has adapted to the specialist classroom and subject.

- **Home School Partnerships**

Staff will also contact parents when a need arises to discuss news of successful achievements or any concerns or queries. Communication concerning the welfare and progress of children is encouraged at all times. A parent's first contact should be to the class teacher.

Use of School Telephone

The school is classified as a business. As all calls are charged, pupils are discouraged from using the school telephones except in cases of emergency. Pupils wishing to make telephone calls must receive teacher approval.

Because we are helping children reach independence and managing self, calls to home for classroom materials, sports clothing or left lunches are discouraged.

Visiting the School

All visitors, including parents, are required to enter via the school office and digitally sign in.
