Lost Property - to the people who have come to check lost property this morning - it is extremely disappointing to have a total lack of respect for Room 8 by thinking it is okay to come into our room without checking the grass and dirt on your feet. We have a mess that we don't normally have and it is all around the trolley and doorway. There are also far too many items that are being handed in unnamed. It is your responsibility to support the monitors and take time to name gear. Can teachers please check this in rooms - and even parents, if you are reading these notices? Thank you.
